SCREEN DOORS
WINDOW SCREENS

OIL STOVES

End your kitchen troubles by using The Celebra-Clark's Jewel. We have them in three and four Burner sizes.

OIL STOVE OVENS Clarks or New Perfection

If you want a Pumping Engine we have the Fairbank Morse type Z, more than rated horse power.

Acheson Hardware

Opposite the Bank of Toronto

Alsask, Oyen.

Are You Hot?

If you are, come in and get one of our

New Perfection Oil Stoves

We have them in two, three and four burners at the following prices:

Two Burner $19.75 Three Burner $25.25
Four Burner $32.25 2 Burner Ovens $7.50

We also have a full line of Wire cloth, Screen Doors, Windows, Clasps, Springs, etc. Call and look these over.

The Oyen Hardware Company

The J. I. Case Company

Are leading the way this year with their 10-18 and 15-28 four cylinder Kerosine Tractors.

Here are some of the distinctive features of Case machines. **Cheapest power per pound of pull** on the market. **Prompt and efficient repair and expert service.**

Perfect Combustion of fuel under all loads.
Every Working Part including Master gear run in oil baths.

No Bevel Gears to cut out and give trouble.
All Air Strained through water strainer insuring an absolutely clean charge.
Accessability of all working parts. **Throttle governer** giving you every speed under all loads.
Removable Sleeves in cylinders. You can make a new engine by replacing sleeves at small cost.
Demonstration to be held shortly. Watch for announcement.

C. A. GILDERS,

OYEN ALBERTA

Locals And Personals

A cooking demonstration, lecture and short course will be given by Miss Wade at Lanfine, June 12 13 and 14th at 2 o'clock in the afternoon under the auspices of the Prairie Bell W. F. Girls Club. All women and girls cordially invited to be present.

Mr. Stauffer of Alsask was a visitor in town last week.

Rev and Mrs. Geo. Steele of Alderside, Alta., are visiting at the home of Mr. and Mrs. Arthur Walker.

If you are wanting a good second-hand Ford car see the Peterson Motor Company. They have a number of touring cars in first class condition for sale.

Mrs. Jas. Young of Edmonton is visiting her daughter Mrs. Robt. Smith.

Great preparations are under way to hold a sports day at Hills School on Dominion Day July 1st,. Horse racing, foot races, auto races and children races; also a big baseball game is the program for the day, to wind up with a grand Bowery dance in the evening. If you want a good time spend July first at Hills School.

Mr. and Mrs. Wm. McAllister of Excel, who have been visiting for the last six months in England and Scotland returned last Thursday. In speaking to The News Mr. McAllister said that the Old Country is feeling the result of war in many ways and that everything was very high in price. Eggs that were 25 cents per dozen before the war are now 87 cents a dozen. Fish that could be bought before the war at 8 cents a pound is now 62 cents a pound. Boots which cost you $2.50 a pair are now $11.00. A suit of clothes which cost in pre-war days $15 costs to-day about $63.00. Butter is a scarce article and the Government only allows two ounces a week for each person and costs today about 62 cents a pound.

The Peterson Motor Company have sold new Ford cars to the following: T. Barrie, Wm. DeBree, Dave Bohannon and Harold Hembrow.

A picnic and-sports day will be held at Springburn School on Friday, June 20th under the auspices of the Rockdale U.F.A. See posters for full particulars.

At a meeting of the Acadia Municipality held last Wednesday the councillors decided to give a grant of $100 towards the Oyen hospital.

Sergt. Floyd Horne, who has been overseas for the last four years, returned home last Saturday. During his sojourn in England he married an English girl, and has brought back with him his wife and a son and heir Floyd tells us that on the boat there was a baby show at which his baby won the first prize.

Mr. Finlay of Peterborough, Ont., arrived in town last Saturday. Mr. Finlay is a nephew of Rev. R. E. Finlay, and will have charge of the Methodist circuit at Acadia Valley.

Quite a severe hail storm swept over the Oyen district on Friday evening. Fortunately the crops were not very high and consequently very little damage was done.

HOME AGAIN

CHAS. L. DUNFORD

Who is expected to arrive in Oyen today, after more than two years overseas. Previous to enlisting Pte. Dunford was editor of The Oyen News.

MARRIAGES

FOWLER—GREEN

The marriage of Miss Martha Muriel Green to Mr. G. A Fowler, both of Benton was solemnized at the Methodist parsonage at Oyen on Wednesday, June 4th.

THYGESEN—FOWLER

The wedding of Miss Bernice Evelyne Fowler of Benton and James Blaine Thygesen of Oyen took place at the Oyen Methodist Parsonage on Wednesday June 4th.

In the absence of Rev. R. E. Finlay the above ceremonies were preformed by Rev. W. F. Smith of Fairacres.

Pte. Chester E. Tupper Back in Canada

Pte. Chester E. Tupper was among the men who returned to Calgary the first of the week and is expected in Oyen today. The principal engagements his unit figured in were the Somme, Vimy, Lens, Passchendale, Amiens, Drocourt, Quenat line and Cambrai. Pte. Tupper's many friends extend to him a hearty welcome back.

Serious Fire at Chinook

A fire of somewhat alarming nature occurred at Chinook on Saturday afternoon at about 4 o'clock, which resulted in destroying the Brownell Garage and seven cars which were on the premises at the time of the fire, also the printing office of The Chinook Advance. The loss is estimated at about $35,000.00. The hotel narrowly escaped destruction.

Don't forget the auction sale to-morrow afternoon of 25 head of good work horses, mares and geldings in Oyen at 1.30 o'clock.

A home nursing and first aid course free to all women and girls will be given at the Fairacres Schoolhouse on June 29-30th and July 1st at 2.30 by Miss Lilian Laurie, R. N.

Arthur Gibson sold his residence on First Avenue last week to Mr. Mason.

Remember the lecture by Mrs. Nellie McClung to-morrow night, Thursday, in the Oyen Opera house.

Robin Hood Flour

We sell and recommend Robin Hood Flour Use it for best results. Price per 98 lbs. $5.25

Summer Hats

This week we are showing a special line of Ladies and Children's Summer Hats. Come in and see them. All styles and all prices.

Fancy Linens

We have a nice assortment of Fancy Linens just opened up. This assortment includes Table Centres in white and natural linen color, Dresser Scarfs, etc.

POTATOES

Another car of potatoes expected this week. These are the Blue Mountain variety, a white potato with shallow eye. Especially bought for seed.

EDITORIAL

Farm Life in Canada

The whole world is in a state of unrest, and society is being shaken to its very foundations. Conditions are changing, and uncertainty exists in almost every walk of life. Turmoil and strife are everywhere in evidence throughout industry, our political institutions are undergoing the greatest strain yet placed upon them, in the world of finance there is doubt and anxiety, and throughout the whole social fabric there is much questioning and groping as to what is best to be done.

This discontent and unrest is, however, much more apparent in large centres of population all over the world, in the cities and large towns, than it is in the rural communities. While there is, of course, some doubt and uncertainty as to the general effect which these disturbed world conditions may have on the profits of agriculture, there is peace and contentment on the farms of Canada in comparison to the state of feeling in the cities and towns.

Present conditions, in fact, demonstrate that no man leads a happier or more independent existence today than does the successful farmer. In urban centres the working man is filled with doubts and misgivings as to the future. He lives in constant dread that the present upheaval following the Great War will result in widespread unemployment, and that soon he will find himself and his family facing actual want. The almost universal demand for higher wages is occasioned by the fact that the city worker finds it impossible to make ends meet and bring his family up in decency and comfort with the present high cost of living. He realizes that, to a greater extent than ever before, he is not dependent on his own efforts, but is the plaything of forces he cannot control. In comparison with the farmer, the city worker is a slave.

So, too, the employer of labor, and the business and professional man in city and town, is harassed with countless worries. The large employer of labor would like to give work to all, and pay the wages demanded to meet the abnormally increased cost of living, but with an uncertain financial outlook, and doubtful of the means to market and sell his products in such quantity as to warrant the employment of larger numbers of men and the payment of higher wages, he finds himself in a quandary. He, too, is not independent. On the contrary, he is absolutely dependent on world forces beyond his control, and also dependent on the goodwill and loyal co-operation of his employees.

The farmer, on the other hand, while confronted with increased costs of living and higher wages for farm help, has the assurance that there is a market for all he can produce. The world can get along for a time without manufactured goods of many classes, but mankind cannot get along without food for even a day. The farmer is not troubled with men demanding work that they may live; his worry is rather to get sufficient help to enable him to produce all that he would like to produce.

While no man can live unto himself alone, the farmer is more independent of his fellowmen than any other class. He is more dependent on his own efforts than others, and can regulate the operations of his business to suit his needs and circumstances better than can the city business man or city worker.

It would be foolish to attempt to minimize the difficulties with which the farmer has to contend, or to discount the problems he has to solve, but the fact remains that, admitting and recognizing these, he is still able to live a happier and more independent life than is the city toiler. He is to a far greater extent master of his own life and destinies.

And after all, to feel independent, to know that the measure of your success in life is largely in your own hands, that you are your own boss, is one of the supreme satisfactions in life. The boy or youth on the farm who sometimes feels that farm work is drudgery, that he is leading a narrow existence, and who is tempted by the lure of the city with its bright lights, its crowds, and surface gaiety, would do well to reflect that on the farm he is his own master, while in the city he would become someone's servant. On the farm he is a man; in the city he would be but one of the crowd. In the city the bright lights, the laughter, the passing amusements, are all on the surface, and beneath and back of them there is much loneliness and heartache and far more monotony and drudgery than on the farm. For every success in the city of which the world hears, there are one hundred failures of which no notice is taken.

Thousands of city toilers in office, store and factory would gladly relinquish those things which constitute the lure of the city if they had the opportunity, knowledge and strength to engage in agricultural pursuits. Youths on the farm who have such opportunity, knowledge and strength should hesitate long before abandoning their substantial substance for the shadows of city life.

Sure! High Heels Cause Corns But Who Cares Now

Because style decrees that women crowd and buckle up their tender toes in high heel footwear, they suffer from corns, then they cut and trim at these painful pests which surely makes the corn grow hard. This suicidal habit may cause lockjaw and women are warned to stop it.

A few drops of a drug called freezone applied directly upon a tender corn gives quick relief and soon the entire corn, root and all, lifts out without pain. Ask the drug store man for a quarter of an ounce of freezone, which costs very little but is sufficient to remove every hard or soft corn or callus from one's feet.

This drug is an ether compound and dries in a moment and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin. Clip this out and pin on your wife's dresser.

Automobile Users Still Increasing

The number of automobile users in Western Canada continues to grow. In Saskatchewan approximately forty thousand licenses have been issued already this year and applications are still being received. This number far surpasses the number issued during the same period of last year, and is partly due to the new settlers who are daily taking up land in the province and to the fact that many farmers are now providing themselves with additional cars.

Wrong Again

"What is a blizzard, children?" asked the teacher.

No one spoke.

"Hurry up," bawled the teacher.

At last up spoke one little man: "Please, teacher, the inside of a chicken."—London Ideas.

A gloomy temper is often brightened up by a change of wallpaper.

This Year's Crop Acreage

The Largest Area in History of the World

The Prairie Provinces of Western Canada this year will have the largest area in crop in the history of the provinces, according to reports received from the three provinces.

The greatest increase will be in the province of Alberta, where considerably over nine million acres will be planted. The wheat acreage will be 400,000 acres greater than last year's, when the area sown to this crop was approximately 3,900,000. There will be nearly a million acres more of oats and 100,000 acres more of barley sown. Rye is a crop that seems to be growing in popularity with the farmers of Alberta, and double the area of last year will be sown to this crop.

In Saskatchewan there will be little, if any, increase in the area sown to wheat, but there will be more acres sown to oats than was the case last year. Manitoba expects to have a record-breaking year in the production of wheat, as considerable new land that was broken last year will be put into this crop. As far as can be at present ascertained, there will also be some increase of the acreage sown to oats and barley in this province.

It is probably safe to say that the three provinces will have over 30,000,000 acres of land sown to the principal grain crops — wheat, oats, barley and flax. Last year nearly 26,700,000 acres was sown to these crops, 7,109,236 acres in Alberta, 15,778,000 acres in Saskatchewan and 5,801,000 acres in Manitoba. It will be seen, therefore, that last year's record crop acreage is about to be overtaken this year.

Saskatchewan's Wool Output

Steadily Increasing Each Year and Better Prices Prevailing

Between 400,000 and 500,000 pounds of wool is expected to be handled for Saskatchewan farmers through the co-operative organization branch of the provincial Department of Agriculture this year. In 1918, somewhat over 394,000 pounds of wool was handled by this branch which was an increase over the quantity of the previous year. In fact, since a proper system of grading was introduced not many years ago, the wool output has steadily increased each year and farmers have obtained better prices every season. Last year Saskatchewan farmers received an average price of 31½ cents per pound for their wool, and it is believed that similarly high prices will be maintained for some years to come. "Any year is a good year to start in the sheep business in Saskatchewan," remarked W. H. J. Tisdale, Professor of Animal Industry, at the Saskatchewan University, recently, a remark which applies with equal force to all three provinces, notwithstanding the present high price of sheep.

Farmers report an exceptionally good crop of lambs this season. At the University Farm at Saskatoon, seven pairs of twins were found one morning last week, and another four pairs the following morning. Owing to the mild weather during the winter months and the excellent condition of the ewes, a vigorous lot of lambs are appearing throughout the three provinces.

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

A concrete walk from the house to the barn will help the wife fully as much as it will the appearance of the yard.

Miller's Worm Powders are a pleasant medicine for worm-infested children, and they will take it without objection. When directions are followed it will not injure the most delicate child, as there is nothing of an injurious nature in its composition. They will speedily rid a child of worms and restore the health of the little sufferers whose vitality has become impaired by the attacks of these internal pests.

An intoxicated man may not be the centre of the universe, yet he imagines that everything revolves around him.

Ask for Minard's and take no other.

If Victory Bond coupons bore 4½ per cent. compound interest—they do change them for W.S.S.

Cafeteria Plan Sells Women's Apparel

The latest innovation is clerkless stores in the "dressetoria," now successfully handling women's ready-to-wear clothes, according to the May Popular Mechanics Magazine. Signs replace salespeople in this unique shop, so, unattended and unhurried, the customer examines the articles in which she is interested, and makes her purchases. She may have help, however, so a sign informs her that an employee will be glad to assist in selection if invited to do so.

Sleep Comfort

No. 1 Health Brand Mattress is built for a comfortable, restful sleep. It is Western Canada's favorite. Use it on a Banner Spring. Watch for the label.

Sold by all good dealers

GUARANTEED ALASKA BEDDING

Obedience

Pat, just returned from the trenches with his head swathed in bandages, was the centre of attraction. "How did you get wounded?" asked a proud admirer.

"Well," said Pat, "the dirty boche wur raisin' Ned wit' our trenches when our brave captain shouts 'Kape down, boys, and sthand Pat!' Oi obade."—Judge.

Authorities differ as to whether a poker room should be classed as an anteroom or a drawing room.

YOU CAN'T RUB RHEUMATISM OUT

It Is Rooted in the Blood and Must Be Treated Through the Blood

The pain of rheumatism is something that you cannot rub out. Every sufferer from rheumatism has been advised to rub this liniment or that on the affected part, but after all the rubbing the pain remained. Rubbing did not cure it and can't cure it.

Thin blood and rheumatism come together and if they are properly treated they will go together. Rheumatism is rooted in the blood, in poor, watery blood. Sometimes cold, damp weather starts the aches and pains, but it is the condition of the blood that is at fault, and only by correcting this, and making the blood rich and red can the rheumatic poison be driven out. This is exactly what is done in the treatment of rheumatism with Dr. Williams' Pink Pills. Acute and muscular rheumatism show improvement as the thin blood is built up, and where the blood has been restored to its normal condition, the rheumatism is driven out and does not return as long as the blood is kept rich and red. There is no part of Canada in which some rheumatic sufferer has not been cured by Dr. Williams' Pink Pills, and they do not hesitate to express their thanks for what this medicine has done for them. As an example, Miss Annie S. Dedrick, R.R. No. 2, St. Thomas, Ont., says:—"Dr. Williams Pink Pills cured me of rheumatism after a great many other remedies had failed. The pain in my feet and shoulders was so great that I could scarcely sleep. I could not raise my arms to comb my hair, and could not dress myself without help. In this condition I read of a cure of rheumatism through the use of Dr. Williams Pink Pills and decided to try them. I got half a dozen boxes and I am thankful to say they not only cured my rheumatism, but that my general health was greatly improved. My appetite was increased and I gained in weight. Since then a number of cases have come under my observation in which cures have been made by this splendid medicine. As for myself, I shall always speak a good word for Dr. Williams Pink Pills."

These Pills are sold by all medicine dealers or will be sent by mail, post paid, at 50c a box or six boxes for $2.50 by The Dr. Williams' Medicine Co., Brockville, Ont.

The nearest approach to a ball-bearing watch is the sign where it is occasionally kept in storage.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Stops Irritation; Soothes and Heals. You can get restful sleep after the first application. Price 60c.

A good way to keep the hired man is to have a plain understanding at the time he is hired.

Keep Minard's Liniment in the house.

Newhusband had got to the state when burnt bacon becomes a thing that matters.

"What's this?" he growled, looking at the blackened scraps.

"Cook's burnt it," said his wife apologetically.

"Obviously," said Newhusband. "Have you fired her?"

"Oh, no; I can't get another," said the wife. "Won't you be satisfied with a [illegible] for breakfast this morning?"

"I suppose I shall have to be," said Newhusband. "Call her in."

W. N. U. 1265

Refugees are Starving

Irdir, Trans-Caucasia. — A systematic removal and the destruction of crops and food supplies carried out by the Turkish troops in the southern part of Russian Armenia, even after the signing of the armistice, has left the country in a state of famine. A large number of refugees who fled before the Turkish advance and took refuge in remote villages and mountains, are crowding fast in a starving condition into the larger villages and towns.

The Real Proportion

The New York World says that sixty per cent. of the people of Alberta were born in the United States. The real proportion is 18.4 per cent., compared with 13.6 per cent. in Saskatchewan and 3.3 per cent. in Manitoba.

HOW'S THIS?

We offer $100.00 for any case of catarrh that cannot be cured by HALL'S CATARRH MEDICINE.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System.

Sold by druggists for over forty years.

Price 75c. Testimonials free.

F. J. Cheney & Co., Toledo, Ohio.

Arranging for Wool Crop

Co-operative Scheme of Marketing Will Again Be Undertaken

Sheep owners of Manitoba and Saskatchewan have already been notified by the governments of the respective provinces that the co-operative scheme of marketing will again be undertaken this year. For the past few years farmers in these two provinces have sent their wool to a government centre for grading and marketing. In Alberta the wool is handled by wool growers' associations, of which there are four or five in the province. The industry has grown enormously since a proper system of grading and marketing was introduced, and it is expected that there will again be a large increase in the number of growers participating, as well as in the quantity of wool handled in all three provinces.

The suitability of Western Canada for sheep is all that could be desired, and experienced sheep breeders say they know of no country where sheep are less liable to disease.

Money in Eggs

Seventeen carloads of eggs were shipped from Regina, Saskatchewan, during the week ending May 8. Most of them went to Vancouver and other Western Coast points, but four carloads went to Montreal. The numerous shipments of eggs and butter that have been made from Regina, Saskatoon and other Saskatchewan points recently show that the farmers of the province can produce something else besides grain, and what is more, are beginning to do so. They are finding eggs rather profitable, receiving forty-four and forty-five cents a dozen at a time when eggs are plentiful.

Open Day and Night

No water goes stagnant for want of a British ship to stir it up; no air pockets are going unpenetrated if British air service can help it. We probably shall urge in vain for some salvaging of our deplorable aircraft program and some hopeful energy in its maintenance; but we cannot refrain from a note of admiration mixed with envy when we observe the rugged initiative of the British, who, despite war losses, proceed vigorously to keep their house in good order.

Useful in Camp. — Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Eclectric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

It is better to purchase 12 cents' worth of music daily from an organ grinder than to owe for a grand piano.

The boy who "can't," grows into the man who is "canned."

CUTICURA HEALS ECZEMA

All over baby's face, Cams in water blisters and then formed a solid scale. Began to itch and burn so had to bandage his hands as he wanted to scratch. Face was badly disfigured. Trouble lasted 4 months. Began using Cuticura Soap and Ointment. Used one cake Soap and one box Ointment when he was healed.

From signed statement of Mrs. Albert Ellis, Wettenberg, N. S.

For every purpose of the toilet Cuticura Soap, Ointment and Talcum are supreme.

For free sample each of Cuticura Soap, Ointment and Talcum, address: "Cuticura, Dept. A, Boston, U. S. A." Sold everywhere.

Accident to British Airmen

Rome.—One of ten British airplanes which were flying from Marseilles to Egypt was wrecked when the machine landed at an airdrome near here. A lieutenant in the machine was killed, and four others injured, one of whom died later.

Stops Bronchitis Quickly Without Any Medicine

This Problem Solved When Catarrhozone Was Discovered

Thousands Have Been Cured

You are nothing but a plain, simple boob to suffer a day longer from Bronchitis. It's real easy to cure — this has been proved time and again. Relief comes at once when you breathe in the soothing vapor of Catarrhozone. Once its healing, piney essences strike the bronchial tubes, you realize that a powerful treatment is at work.

Bronchitis can't live in the throat of a person inhaling Catarrhozone. It is so soothing, so warming, so full of concentrated healing power that you get results at once.

Catarrhozone strengthens the weak throat, stops the cough, removes that hacking, irritating necessity to clear the throat, makes even the chronic sufferer feel that at last he has discovered a real cure. For coughs, colds, catarrh, and winter ills, nothing in the family could be better than the complete dollar outfit. Small size 50c; trial size 25c, all dealers, or The Catarrhozone Co., Kingston, Ont.

History repeats itself. Lord Beaconsfield wrote in the spring of 1848 to France's Lady Londonberry: "In Germany Kings and Princes are turned off as we turn away servants, and worse, without a character, and nobody resists."—London Truth.

GIRLS! WHITEN YOUR SKIN WITH LEMON JUICE

Make a Beauty Lotion for a Few Cents to Remove Tan, Freckles, Sallowness

Your grocer has the lemons and any drug store or toilet counter will supply you with three ounces of orchard white for a few cents. Squeeze the juice of two fresh lemons into a bottle, and put in the orchard white and shake well. This makes a quarter pint of the very best lemon skin whitener and complexion beautifier known. Massage this fragrant, creamy lotion daily into the face, neck, arms and hands and just see how freckles, tan, sallowness, redness and roughness disappear and how smooth, soft and clear the skin becomes. Yes! It is harmless, and the beautiful results will surprise you.

Good-bye-ee!

An air pilot, after being pestered for a long time by two girls, consented to take them for a flight on one condition, and that was that they should not speak whilst they were in the air.

After doing a few stunts such as banking, looping the loop, and the corkscrew, one of the girls very timidly touched him on the shoulder.

"I—I am very sorry," she said, "after p—promising not to speak, b—but Emily has gone."—London Ideas.

If people never changed their minds, humanity would still be in the stone age.

There's Great Satisfaction

in knowing the children's health and enjoyment are being provided for when you give them

POSTUM

as their hot table drink

We Now Recommend New Porcupine Imperial at 10c. per Share

Those that followed our advice and bought Porcupine Crown when it was selling around 15c and Vipond V.N.T. around 12c have made handsome profits.

Porcupine Crown sold Saturday, May 17th, up to 20c Vipond V.N.T. at 24½ cents. One [illegible] cents, and either of these stocks shows approximately 100% profit. We now strongly advise our clients to buy New Porcupine Imperial at 10c per share.

Developments on the one hundred foot level look very encouraging and we look for a big advance. Act immediately.

Filling His Own Shoes

— BY —

HENRY C. ROWLAND

Copyrighted. Printed by special arrangement with Thos. Allen, Toronto.

(Continued)

But this panic of hers was of short duration, and Ruggles came on her a moment later standing beside the bicycle and looking back fearsomely.

"Are they coming?" she asked breathlessly.

"I don't believe so," he answered. "I guess the ducking cooled 'em off. We'd better keep on, though."

"Do you think they could have drowned?" she asked. "The river was deep right under the bank."

"Oh, they're all right," he answered. "I looked over and saw them hanging on to the bushes. One of them started to climb up, and I swiped him over the head with the easel. I am sorry, but your picture fell into the river."

"Never mind the picture. Let's hurry on. I say, it was plucky of you! Such horrid beasts!" She gave a little shiver. "I fancy it would have been all up with me if you hadn't come along just then."

"Oh, they may have been just trying to bluff you into giving up your purse," said Ruggles, though he had his doubts on this score.

He took the bicycle by the handlebars, and they started to walk on rapidly, with occasional backward glances. The girl had recovered herself, and, though still rather pale, was entirely self-possessed.

She told Ruggles that while she had been making a study of the river the two tramps had come along the towpath and, after pausing for a few moments and making some flattering remarks about the sketch, had informed her that they were making their way back to Paris from Epernay, where they had gone hoping to find work. But there had been no work to be had, and they were penniless and hungry and in need of shoes. She had given them a franc apiece, saying that that was all she could spare, but unfortunately they had caught sight of the money in her purse and it had aroused their cupidity. When Ruggles had arrived on the scene, one of the tramps had been saying to the other that a person might easily fall into the river and drown, just at that point, and nobody be the wiser.

"I was horribly frightened," she concluded, "and if you hadn't come at that moment I meant to jump into the river and try to swim across."

As she talked, Ruggles observed her with unobtrusive admiration, and he thought that he had never met a more charming girl. She was of little less than his own height, which was five feet nine, strongly, but gracefully shaped, with a smooth, broad forehead, dark chestnut hair, with delicate features, and slaty-gray eyes fringed by a double row of long, dark lashes. Everything about her pleased him exceedingly.

Finding that they were not pursued, they slackened their pace.

"Are you doing a bicycle tour?" asked the girl, glancing at the waterproof bundle on the handlebars.

"No. Just a little spin for the day. I'm in business in Paris. Been there for the last three years. My name is Ruggles."

Your Eyes Granulated Eyelids, Eyes inflamed by exposure to Sun, Dust and Wind quickly relieved by Murine Eye Remedy. No Smarting, just Eye Comfort. At Your Druggists or by mail 60c per Bottle. For Book of the Eye free write to Murine Eye Remedy Co., Chicago.

W. N. U. 1265

"Mine is Darthea Westbrooke," she answered, and Ruggles thought the name precisely fitted her. "I live in Paris, too, with my aunt, Miss Challand. We're stopping for a few days at this little village on ahead. I'm studying art, and I wanted to make some sketches of the river. We come out here quite often in the summer. Here's aunty, now."

Ruggles had already seen approaching them a woman with a tall and rather angular figure, who walked with a swinging, masculine stride, the speed of which increased as she discovered her niece strolling along in company with an entirely strange young man. She bore down upon the couple like an osprey on a brace of young and downy ducks, and Ruggles observed that her features were high and, at that particular moment, severe.

"Suppose you thought I was never coming, my dear," said Miss Challand, and stared questioningly at Ruggles. As a rule, of which that particular morning was the rare exception, Miss Challand took good care that her pretty niece, to which more than one admiring stranger could bear witness.

"This is Mr. Ruggles, aunty," said Darthea; and added to Ruggles, "My aunt, Miss Challand."

Miss Challand returned Ruggles's best professional bow with a brief nod, and the austerity of her face did not soften. Darthea quickly smoothed the situation. In a few brief words she described what had just occurred, and, having the artistic temperament, she may possibly have exaggerated the heroism of her rescue, quite omitting the precipitate retreat of the rescuer. Ruggles, listening modestly, was impressed by the fact that perhaps he was more of a hero than he had realized. Whether true or not, it was certainly gratifying to hear Darthea's glowing version of the affair, while the gradual softening that overspread Miss Challand's austere features was if anything even more flattering. Then, much to his surprise, he discovered that the aquamarine eyes of the spinster were filling with tears, and that her sallow skin held a warm flush. At the conclusion of the brief narrative, she took a stride forward and gave him a grip of the hand that might have made him wince, had he been of the wincing sort.

"Good for you!" said Miss Challand huskily. "Mercy, what an escape! All my fault for letting the child go off alone. We ought to inform the gendarmes immediately."

"Oh, I don't think I'd do that if I were you," said Ruggles. "They'd have 'em up before the juge de la paix, and we'd have to hang around and give evidence, and then they'd let 'em off with a warning. I guess they've had their fun."

"Well, perhaps you're right," admitted Miss Challand; then glanced at a small cheap watch on her bony wrist. "It's nearly twelve. Can't you come and have dejeuner with us, Mr. Ruggles? We're stopping at the little hotel on the river, and there's usually a friture de la Marne and an omelette and a salad and cold meats and things."

"Thank you, I should enjoy it very much," said Ruggles.

CHAPTER II.

The Paris branch of the great Walkeasy Shoe Company of America was, like all of the company's retail stores, a splendidly stocked and handsomely furnished establishment which did a steady and profitable business and was the despair of the local trade. It was situated on a prominent boulevard in the heart of the city, and there was seldom a space of five minutes in the day when its handsome plate-glass doors were not swinging open to welcome the coming or to speed the parting customer.

The Walkeasy Company was naturally very proud of its handsome retail stores, and the managers of these stores were id turn proud of their various equipments and the high-class character of their personnel. In the Paris branch there were seven salesmen in the gentlemen's department and four salesswomen upstairs in the ladies' Of the male clerks, two were Americans, two French, one English, one German, and one Spaniard. Of the Americans, one was Ruggles. They were trim, well-dressed, efficient young men, and all on excellent terms with one another, though frequently of but slight esteem in the eyes of the manager, who was a fat and fussy Frenchman with an undue sense of his own importance and a tongue which could be bluisht quickly to those over whom he held the power of bread and cheese. In the whole establishment there was but one employee whom he did not dislike and who did not return the sentiment with an interest which compounded with almost every passing day. From a business standpoint, however, he was a good manager and kept the store up to the highest of commercial levels.

The middle of the forenoon following his adventure on the Marne found Ruggles in the shop trying on a pair of shoes. He was not trying them on his own trim feet, but upon those of a listless young American tourist who was leaning back in the chair with a cigarette hanging from his lips, his hat on the back of his head, and a bored, petulant look in his watery eyes.

Down on his knees before this peevish youth, who was of about his own age, knelt Ruggles, shoehorn in hand and the vortex of a veritable maelstrom of shoes. His face was rather red, for his customer's listless remarks had been in no way flattering to ready-made shoes in general and to those of the Walkeasy Company in particular, while Ruggles's patient and respectful efforts to fit a well-shaped shoe to a badly shaped foot had met with no return courtesy nor appreciation.

"Go easy, there," snarled the customer as Ruggles eased his foot as gently as possible into a buttoned box-calf; "I got a hammer-toe with a tender callus on it. Hang it, your beastly shoes are all too low across the foot—"

"I can ease that for you over the sore spot," said Ruggles.

"Ease it be damned," replied the customer peevishly. "Haven't you got anything higher across the foot? I'm afraid not, sir, in that shape," said Ruggles, who had been at his task for nearly half an hour and had tried every available shape and form in the required size; "but I'm quite sure that I can make this one comfortable."

"Oh, never mind," snapped the young man; "I'll try somewhere else. You bet my shoemaker'll hear from me when I get back to New York. Just put that old shoe on again, will you?"

Ruggles did so in silence, and the pampered youth got up and limped out in sulky silence and without a word of thanks or regret. He belonged to that class of people, not so uncommon, who take courtesy on the part of a clerk for an obsequiousness to be met with rudeness, and who are accountable for the lack of this former quality which is unfortunately lacking in prevalent in many shops.

Ruggles gathered up the loose shoes and proceeded to put them away in silence. Such an experience as this was unusual for him. Thanks to his pleasing manner and its utter freedom from that subtle hectoring peculiar to some salesmen and so irritating to certain people, once addressed the very seldom failed to effect a sale. Regular clients once served by him usually preferred thereafter to wait until he might be free rather than to have their needs attended to by one of the other clerks, all of which counted in Ruggles's favor on the sales slips. He prided himself on being a good retail salesman of the best shoes on the market, and it was a matter of gratification to him that his tact and delicacy were of such quality that the most modest of lady clients never objected to his fitting their delicate ankles even with high gaiters, if they were in a hurry and the saleswomen were all busy.

(To Be Continued.)

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

High Butter Standard Maintained

Getting Farmers to Send the Very Best Cream to the Creameries

That the educational campaign carried on by the governments of the Prairie Provinces in connection with the dairy industry is proving fruitful is shown by the large proportion of first and special grade butter that is being produced and the ever-increasing demand upon the creameries to supply outside points. Consignments are now being made regularly East and West, to the Pacific and Atlantic coasts as well as overseas and to some of the large cities in the United States.

The high standard of qualities originally adopted is being surpassed. Now all three provinces recognize a standard superior to the first. This is called "special," and it is as near as possible to an ideal quality.

Of the butter graded in Saskatchewan last year, seventy-five per cent. graded "first," while an additional fifteen per cent. was in the "special" class. The educational plan consists in getting the farmers to send the very best cream to the creameries, and in showing them ways and means by which this end can be accomplished.

To the dairy farmer the natural advantages of many parts of Western Canada are not surpassed anywhere, and the educational work of the provincial government is showing dairy farmers how to make best use of these advantages.

Why isn't a fireman a hose supporter?

It is an easy matter to bear the aches of another's corns.

SUNDAY SCHOOL LESSON

LESSON FOR JUNE 1

FAITH, WHAT IT IS AND WHAT IT DOES

In Hebrews, chapters 1-10, the grounds of faith are clearly set forth. In this lesson its nature and glorious triumphs are displayed.

I. The Nature of Faith (11:1-3).

1. Faith is the eye of the soul, enabling it to see the invisible (v. 1). It is not merely intellectual assent to that which commends itself as being reasonable, but it is the soul's attitude toward God.

2. Faith seizes the things of the future and lives and walks in their power in the present (v. 1).

3. It enabled the "elders" to obtain a good report (v. 2). It made God's promises so living and real to them that it became the dominant force in their lives.

4. Faith enables us to understand how the worlds were made (v. 3). No man was present when God made the worlds, so the foundation for our knowledge is the Word of God. The one who has faith wholly believes that Word.

II. The Triumphant Victories of Faith (11:4-38).

1. Faith of the antediluvian saints (vv. 4-7). As representative of this period three men are pointed out: (a) Abel (v. 4), who displayed his faith in his worship. He took his place before God as a sinner and offered a bloody sacrifice, thereby showing that he looked forward to Christ's atonement, which is substitutionary—a life for a life. (b) Enoch, who displayed his faith in his walk in fellowship with God (v. 5). (c) Noah, who by faith stood loyal to God in a time of universal apostasy and wickedness (v. 7). Noah's task was a stupendous and difficult one. He executed it in the face of many a sneer and taunt, but his faith carried him through, securing salvation for himself and his family.

2. Faith of the Hebrew saints (vv. 8-38). (a) Abrahum (vv. 8-10, 17-19). Abraham went out not knowing whither he went, but he knew that the Lord had spoken and that was enough. By faith he offered up Isaac, believing that God was able to raise him from the dead and fulfill his promise that in Isaac the promised seed should obtain. (b) Sarah through faith received strength to conceive seed when she was old, counting him faithful who had promised (vv. 11, 12). (c) Jacob by faith pronounced a prophecy concerning Joseph's sons (v. 21). By faith he penetrated the unseen and pronounced destines which should be experienced by them (v. 22). (d) Joseph by faith foresaw the entrance of his people into the promised land and made them swear to carry his bones there for burial, for even his death must be left behind in the land of judgment and death (v.22). (e) Moses (vv. 23-28). Faith in the hearts of his parents caused them to disregard the king's decree. Faith caused him to turn his back upon the honors of Egypt and identify himself with his enslaved brethren.

III. Faith's Grand Exemplar (12: 1, 2).

Christ taking upon himself human nature and passing through the trials of life to a triumphant goal is the supreme example for us. Those who fix their eyes upon him will (1) lay aside every weight. To run with success all burdens must be cast off. Things which may not be sinful in themselves, if they impede our progress must be laid aside. (2) Lay aside the sin which doth so easily beset us. (3) Run with patience the race set before us. (4) Looking unto Jesus. Our eyes must be steadfastly fixed upon him. Having him as our example we will endure the cross. To follow Jesus means suffering and trials.

Farmers Buying More Land

The Winnipeg Telegram reports a keen demand for more land among the farmers of Manitoba. "Now that the labor situation is less acute," says this paper," they are purchasing more land in order to grow as much grain as possible while the prices are at the present high level.

This demand for land has increased its value. "Farm lands are now selling at 25 per cent. higher than at this period last year.

Industrial Activity in Manitoba

Several large manufacturing concerns have been incorporated in Manitoba during the past week. A mining company with a capital stock of $2,500,000 and a pulp mill capitalized at $200,000, along with many other large plants will begin operations in the province this summer.

No Need for Cards

Ottawa.—There is no further need for carrying the registration cards which were issued at the time of the last country-wide registration, ready been made by the Dominion Government, and this change is expected to become effective with the removal of war-time regulations and restrictions. The hospital elevator can then be used as a mixing and blending house if developments in the grain business should render it desirable to operate in this manner in the interests of the Saskatchewan farmers.

Improving Terminal Grain Facilities

First Hospital Elevator for Head of Great Lakes

The Hospital Elevator just completed for the Saskatchewan Elevator Company at Port Arthur received its first load of grain a few days ago. This latest addition to the terminal plant of the company, which is a farmer's organization, was erected at a cost of $600,000, and will add greatly to the facilities for the rapid handling of grain in large volume. This is the first elevator of its kind at the head of the Great Lakes, although most of the public terminal elevators, in addition to the facilities with which they are provided for doing the regular storage business, are equipped also with cleaning and drying machinery whereby which they undertake that treatment of off-grade grain, the proper work of the hospital elevator. At seasons when speed in handling grain is most desirable, however, the public terminal elevators are at some disadvantage in handling the work which properly belongs to hospital elevators. This condition is due to delays which are unavoidable when handling grain requiring special treatment, and to the loss of storage space which results inevitably from the call to him many separate lots of off-grade grains.

The latest addition to the modern plant of the Saskatchewan Co-operative Elevator Co. has been built with a large number of small bins in the workhouse, ranging from 2,000 to 7,500 bushels capacity. The provision of these numerous small bins will make it possible to handle individual car lots separately until they have been cleaned or otherwise treated, and, with the special cleaning and separating machinery which is now being installed in this elevator, separations of mixtures and other special treatment of off-grade grains can be accomplished whenever it is found that this would be profitable to the shipper. At the same time the hospital plant, specially designed for this class of work, will relieve the large public terminal elevator of demands upon its space which have, at times in the past, inevitably reduced its maximum handling capacity.

The hospital elevator has also been designed with due regard for possible future development in methods of handling grain. Provision for the establishment of sample markets has al-

Electric Ships and British Pioneers

Great Britain Has Credit of Initiating Revolution

As the "New Mexico" is the first large battleship fitted on this system, it is generally assumed that the application of electricity to the driving of ships is an American invention. The pioneer work was, however, done by British engineers, notably Captain Dartmall and the late Mr. Mavor, and the first patents for this system were taken out by them. It is to the credit of the American naval authorities that they were the first to try the system. They built a large collier with electric drive and tested it along with a sister ship fitted in the ordinary way. As a result of these tests, plans were made for much more ambitious equipment on the dreadnought "New Mexico." Great Britain has however, to her credit not only the initiation of this revolution, but also the building of an early electrically propelled merchant vessel, the "Waratah" Castle."

PROVISIONS OF WILD LANDS TAX ACT MODIFIED BY RECENT AMENDMENTS

At the last session of the provincial legislature, the Wild Lands Tax Act was amended by legislation introduced by the Minister of Municipal Affairs, under whose direction this act is administered.

One of the outstanding features of these amendments is the widening of the provisions under which exemption from the tax might be secured. As the act has been in force during the past four years, all cultivation or pasturage of land whereby exemption might be secured, was required to take place during the year previous to that in which the tax was levied. This being the case, the purchaser of land from the Dominion government or from the Canadian Pacific Railway Company, who made his purchase in the fall of the year, had no opportunity to earn exemption from the Wild Lands Tax in the following year. This was unfair as the purchaser in question had no control of the land during the previous year, and was thus penalized because of a condition of affairs beyond his control. The act as it now stands provides that exemption may be granted if the cultivation takes place prior to the first day of August of the year in which the tax is levied, or if the land is pastured for two months prior to the first day of July of the year in which the tax is levied. The amount of cultivation, and the number of head of stock pastured, is left as it was, namely one-quarter of the land must be cultivated, and there must be stock in the proportion of one head of cattle or horses, or three sheep, to every ten acres. The provision in regard to residence exemption also remains the same; namely: a bona fide farmer who is resident on his land is exempt for 640 acres, and such land may be any place within a radius of nine miles from his place of residence.

During past years, the administration of the Wild Lands Tax Act has been criticized on account of the fact that lands were sometimes assessed under this act that were really exempt from such tax. Because of the large areas given to each assessor to cover, this was unavoidable as it was impossible for him to see all of the land in his district, and he had, therefore, to depend for much of his information on hearsay evidence from parties in the community. This led to a good deal of misunderstanding, and many mistakes were made. This condition of affairs, was, of course, very unsatisfactory, and provision has been made whereby, commencing with the current year, all land taxed under this act will be actually seen by the person responsible for the assessment.

In the organized portions of the province; this is in the municipal districts, this tax will be levied by the municipal districts and it will be possible for the official levying the taxes for the district to obtain exact information as to what lands in the district are subject to this, and there should be no possibility of land exempt from taxation being taxed, or of land subject to taxation being omitted from the tax roll.

In the unorganized portions of the province, the staff of outside assessors employed by the department has been increased, and each assessor must see all the land that he assessed; no hearsay evidence will be taken. This will insure a proper assessment in the unorganized territory as well as in the organized areas, and it will do away with the possibility of a man being assessed for land which, he is cultivating or on which he has probably made his home for a number of years.

The placing of the Wild Lands Tax assessment in the hand of the municipal districts will also tend to better service in other ways; that is, all taxes on lands in municipal districts with the exception of school taxes in some cases, will now be payable to the official; that is, to the secretary-treasurer of the municipal district. There will only be one tax roll, and only one tax notice and on tax receipt will be necessary. A party who owns land in a municipal district will not receive any taxes notices from the Department of Municipal Affairs. He will only receive one tax notice from the secretary-treasurer or the municipal district in which his land is situated, and this notice will show all taxes payable by him, and a clear receipt from the secretary-treasurer of the municipal district will be evidence that all his taxes have been paid. Where school taxes are still levied by the school district, the land-owner will of course, receive a tax notice from the school district in addition to that district in which his land is situated, and this notice will show all taxes payable by him, and a clear receipt from the secretary-treasurer of the municipal district will be evidence that all his taxes have been paid. Where school taxes are still levied by the school district, the land-owner will of course, receive a tax notice from the school district in addition to that from the municipal district. It is to be hoped that ere long all school taxes will be levied by the municipality, and that in all municipal districts, only one assessment and tax roll will be necessary.

As far as the unorganized portions of the province are concerned; that is, the improvement districts, all taxes levied on land by the provincial government will be shown on one tax notice in place of two or three as in the past, and the receipt of payment will be acknowledged on one tax receipt form, and all such tax notices and tax receipts will give full particulars as to the amount of the different taxes levied against the land.

Branded as follows: left shoulder FF, on left hip FT, on right shoulder shoulder M, on right hip W, on right jaw DC. Was impounded in the pound kept by the undersigned on the N.E. Sec. 16-28-6, w 4, on Monday, June 2, 1919. O. H. Bergh, Poundkeeer, P.O. Cereal, Alta.

Municipal Hail Insurance

Why You Should Not Withdraw From the Operation of the Act

The Hail Insurance Board elected under the provisions of the Municipal Hail Insurance Act has established headquarter in Calgary with offices at the Canada Life Building. The officials are farmers of many years standing, men who have had practical experience on the land, as municipal officers and with hail insurance. The adjusters have already been appointed and everything is in readiness for the season's operations. Those who are taking advantage of the act and insuring their crops with this Board are assured of a square deal.

There are many reasons why the farmers of Alberta should support this plan of Hail Insurance. Space will not permit us to give all the details, but a few can be enumerated that will show the farmers that to be insured with this Board is absolutely safe.

1. **The Farmers' Own Company,** it is endorsed by the U.F.A., by municipal conventions, and by the majority of the organized municipal districts of the Province.

2. **Insurance at Actual Cost.** There are no commissions to be paid to agents and no profits to be paid to shareholders.

3. **Absolutely Fair Adjustments.** The staff of adjusters appointed by the Board are all farmers, every one having crops of their own that may be hailed out tomorrow. They would be adjusted by some other farmer, consequently it would not pay them to make anything but a fair adjustment with those they are dealing with.

4. **Settlement Made Promptly.** The Board has arranged for sufficient funds to take care of any amount of business. They have a credit of $1,000,000.00 and can get as much more as they require.

5. **A Cash Proposition on a Credit Basis.** The rate is struck in September, but the premium is payable at par any time until December 15th. The rate is only sufficiently high to pay all losses in full, and the cost of administration, and to provide a small surplus for the better carrying on of the business.

Everything else being equal, it is a matter of dollars and cents to the farmers. The line companies, by their own figures have made big profits during the last five years in the Province of Alberta. There is no reason why this money should not be retained in the pockets of the farmers, and at the same time they will receive the same protection on their crops under the municipal hail insurance plan.

If any further information is desired, apply to the Secretary-Treasurer of your municipal district, or to the Hail Insurance Board, Box 140, Calgary Alberta.

O. H. McAninchand A. Moore left last Monday with thirty head of horses and mules to work on the Acadia Valley line Messers McAninch and Moore have accepted a contract to finish two miles of this railroad, starting from Sec. 11 and 3 taking in township 26 range one. Mr. Brierly, one of the contractors in speaking to Mr. McAninch, said that grading 4 miles west of Acadia Valley store had to be completed this year but the way things were looking it seemed probable that the road would be graded nearly fifteen miles west of Acadia by freeze-up.

Wants Prompt Action For To Save Russia

Paris.—A. F. Kerensky and members of the Parisian Union for the Regeneration of Russia have issued an appeal to the democracies of the world for prompt action, with a view to helping Russia out of her present chaotic condition. It proposes the organization of a mission composed of delegates from all the powers, and including representatives of organized labor, which will go to Russia and explain to the people and the different Russian governments the democratic aims they are pursuing.

The appeal says:

"It should be stated categorically that the different governments repudiate the idea of any intervention likely to infringe upon the sovereign rights of Russia.

Italians Hold Back

Not Disposed to Agree With Terms Offered to Austria

Paris.—The Temps anticipates that the revision of the peace treaty which is to be offered the Austrian plenipotentiaries at St. Germain will be delayed for a few days. This will be due, the newspapers say, to the fact that the Italian government appears not disposed to sanction the new Austrian Jugo-Slovak frontier, so long as the question of the frontier between Italy and Jugo-Slavia remains undetermined.

Papal Secretary Pleads For Huns

Note Declares Peace Proposals Are Impossible

Rome. — Cardinal Gasparri, the papal secretary of state, had written in the name of the Pope an official note to Col. E. M. House, of the United States peace delegation, transmitting the arguments sent to the Pontiff by the German ships to demonstrate the absolute impossibility of their country fulfilling the peace conditions imposed by the allies.

In his note, Cardinal Gasparri explained that the Pope takes this step in favor of Germany as he would do for any country requesting his assistance, as he is only animated by humanitarian feelings. The cardinal adds that the Pope has done this the more willingly since he was also urged to undertake this initiative by a country belonging to the entente. He begs Col. House to submit the situation to President Wilson, hoping that the latter will use his power of the influence with the other delegates of the various powers with a view to securing a peace which will really be lasting.

German People Are Learning the Truth

Have Been Ignorant of Acts Committed by Armies

Paris.—The German peace delegation, through the German correspondents, seems to be trying to prepare their country for the acceptance of the treaty. A new tone is observable in the German press; for example the Liepziger Volkszeitung in explaining the enormous indemnity figure, says:

"It must be remembered that great tracts of French territory have been rendered useless for many years. The devastated regions are twice the size of Saxony. Moreover, Germany took considerable quantities of stocks and bonds from the occupied territories. In the export warehouses stocks of manufactured goods were taken to Germany, together with the cargoes from the ships at Antwerp and the different river boats. Finally, even the kitchens and bedrooms of the inhabitants in the occupied territories were entered. There is not a place where a German non-commissioned officer armed with a requisition slip has not presented himself. The confiscated merchandise was resold in other countries with enormous profit.

"Better still, systematic devastations were operated in the leading industries on a great scale. First the warehouses were emptied, then parts of the machinery were confiscated, and even the old iron were resold. Factories, looms, foundries, machine shops all fell into the hands of the devastation commission. It was thought thus to get rid of competition for many years or during the long period which France and Belgium would need to reconstitute their industries and restore the devastated lands. Germany hoped to be able immediately after the war to offer her products to the world."

The German people seem to have been kept in ignorance hitherto of the acts committed by the German armies. They are just beginning to learn the truth.

German Officers to Be Tried

London.—Frederick William Hohenzollern, the former German Crown Prince, will be liable to trial under the terms of the German peace treaty, it was declared by Mr. A. Bonar Law, the government leader in the house of commons. Mr. Bonar Law said that the commandants of prison camps would also be liable under the treaty's terms.

Germans Resented Week Of Mourning

Order Decreed by Government Far From Being Effective

Paris.—The week of mourning in Germany ordered by the government because of the terms of the peace treaty appears to have met with little success. The German musicians in particular seem to be resentful over the order as a measure which prevented them from earning their daily bread, while the Taeglische Rundschau and the Berlin Tageblatt admit that the mourning was far from being completely effective, due to the fact that nearly all the music-halls remained open, and that in some places the people danced all night. One bit of pungent comment comes from the Volksblatt of Halle, which says:

"It is not clear to us, but on August 1, 1914, that general mourning ought to have been ordered in Germany."

Strong for Der Fatherland

Basterel.—At a meeting at Kaiserstrautern, in the French area of occupation, more than 500 school masters and school mistresses of the Palatinate adopted a resolution asserting their attachment to Germany.

The resolution also protested against any attempt to separate the Palatinate from Germany.

Typhus Is Raging Among Bolshevik

In Rumania, Ukraine and Galicia Stories Told Are Gruesome

Vienna.—Typhus is raging among the Bolshevik troops operating against East Rumania, and also among the troops and people of Ukraine and in East Galicia and Lemberg.

E. A. Frick, Swiss agent of the International Red Cross and a nephew of H. C. Frick, of New York, has arrived in Vienna, suffering from typhus. He spent March and April in Galicia and the Ukraine. Among 2,000 Austro-Hungarian prisoners returning home from Russia and halted by the Czechs, one-tenth are dying from typhus. So many have died in box cars that their comrades merely threw the bodies out, leaving them unburied along the tracks.

It is feared that the Polish army, under Gen. Haller, will contract the disease, which is prevalent in the oil fields they are occupying. The hospitals in Lemberg are filled with typhus cases.

Russia at War With Rumania

Bolsheviki Troops Have Defeated the Rumanians and Occupy Two Towns

London.—Owing to Rumania's disregard of the ultimatum from the Russian Soviet government demanding an evacuation of Bessarabia, a state of war exists between Russia and Rumania according to a wireless dispatch from Moscow received here. Bolsheviki troops have crossed the Dniester river in the Tiraspol district, where they have defeated the Rumanians and occupied Tchegrutchi and Bender, the dispatch says. Bender is on the west side of the Dniester and 58 miles from Odessa. Near this town is the village of Varnitza, where Charles XII. took refuge after the battle of Poltava in 1709.

Zecho-Slovaks Return

Shipping Is Being Gathered Up to Transport Fighters

Vancouver. — The Czecho-Slovaks, formerly of the Austrian army, who deserted in Russia rather than fight for their oppressors, and who later freed Siberia from the Bolsheviks, are returning to their home in Bohemia. Shipping is now being gathered up with which to transport these great fighters back by way of Vladivostok and the Mediterranean.

This was the report brought by several Czecho-Slovak officers, who arrived by the Empress of Japan from Siberia. The party is taking home to Bohemia the archives of the Czech campaign in Russia. With exhibits included, their freight amounts to almost 30 tons. They will go by way of Winnipeg, Toronto and New York.

German Captain Suicides

Was Arrested on Charge of Common Robbery

Coblenz.—Max Kaasch, formerly a captain in the German army, who was arrested several days ago by United States intelligence officers on a charge of having in his possession property stolen from France, committed suicide by stabbing.

Kaasch was arrested at the request of the French military authorities, who planned to return him to France and try him on a civil court charge of common robbery. Kaasch was turned over to the French authorities, and killed himself in the jail at Boppard, in which he had been placed for the night.

Linen and other property found in the officer's home in Coblenz, the authorities say, was stolen during the war from French homes in Douai.

Reds Preparing New Drive

Paris.—The Russian Bolsheviki foreign minister, Tchitcherin, in a message to Bela Kun, the Hungarian communist leader, concerning the reported advance of Admiral Kolchak, head of the Omsk government, declares the situation is misunderstood. He says that Admiral Kolchak is in a less favorable position than is supposed and that the Bolsheviki are preparing a counter-offensive which they hope will be successful. This information is contained in a wireless message received here.

Bolshevists Routed by Poles

Warsaw.—On the Lithuanian front the Bolsheviki launched strong attacks against Podbrodzie, northeast of Vilna, but were repulsed with heavy losses. Polish advance guards have reached Bolniki. German trench mortars and artillery, it is added, have bombarded Polish positions on the front in Posen and Dombrowka. There has been sharp rifle firing on various other sections of the front.

Germans Must Share Economic Losses

Protest to Peace Terms Answered By Allied Governments

Paris.—A reply by the allied and associated governments to the German note protesting against the economic terms of the peace treaty as being calculated to cause the industrial ruin of Germany has been delivered to the German peace plenipotentiaries. The reply is under eleven heads, and answers each German contention. It declared that the allied and associated government, in framing the economic terms, "had no intention to destroy Germany's economic life."

On the contrary, the report points out that in the reconstruction of the world's affairs Germany will have her part in the progressive development, but also will share with the rest of the world in the economic losses and disadvantages inevitably resulting from the war.

The reply declares that the German note fails to take into consideration the fact that the disarmament of Germany and the end of militarism will relieve the German people of an immense burden of taxation, and return to the ranks of useful production millions of men formerly in the army who have been entirely withdrawn from industrial or agricultural activity.

The reply also makes an emphatic rejoinder to the German complaint that the loss of the German merchant marine will throw out of work thousands of German merchant seamen. The allies' answer is that the destruction of merchant ships, chiefly by German submarines, has had the unfortunate effect of limiting the opportunities for work of seamen throughout the world, the allied powers being the greatest sufferers. It adds that there clearly is no reason why Germany should be exempted from its share of the economic disadvantage growing out of this destruction of merchant ships.

The reply on the economic objections is regarded as one of the best documents in the exchange of notes.

Rumanians Protest Against Polish Advance

Poland Has Not Ceased Fighting in Accordance with Paderewski's Pledge

Paris. — The Ukrainian armistice commission here has lodged a vigorous protest with the Peace Conference against the Polish advance in Galicia subsequent to the Paris agreement providing that hostilities be suspended. Premier Paderewski's inability to fulfill Poland's pledge to the entente, that the armistice would be respected, is causing much embarrassment to the allies. The supreme economic council discussed the advisability of continuing assistance to states asking for supplies, but fighting on, regardless of pledges.

Representatives of Ukraine and Poland appeared before the Council of Four, but no decision on the situation was reached.

Minister Of Blockade Resigns

French Leader Considers Terms of Treaty Too Generous

Paris.—Baron Denys Cochin, former minister of blockade, has resigned from the right group in the chamber of deputies, after a meeting of the group, at which it was decided to send a note to Premier Clemenceau criticizing the peace treaty.

In a letter addressed to the Temps, Baron Denys Cochin considers that the treaty is too generous and unworthy of France and her allies. If it weighs heavily upon Germany, he said, it is because Germany's crimes "were big, and that her reparations will be costly—which is justice."

Delegates Say Terms Unacceptable

Copenhagen. — The conference of German political leaders and German peace delegates at Spa agreed that the peace terms were unacceptable, according to a dispatch to a German semi-official statement, and that Germany will leave no stone unturned in an attempt "to find a practicable basis of peace which takes into account our opponents' justifiable demands and those capable of being borne and carried out by the German people."

"Black Watch" The Best Black Plug Chewing Tobacco on the Market

Volunteer for Special Reserve

Melbourne. — Returned Australian soldiers have been exempted from compulsory service in the Australian army under the Defence of the Realm Act. Many of them, however, are voluntarily joining the special reserve being organized in the Commonwealth.

It is a wise man that does not repeat his own wisdom.

Liquor Prohibition Is Upheld in Commons

OTTAWA.—The commons deliberated the methods of the government bill validating, with modifications, the orders-in-council passed under the War Measures act relating to prohibition in Canada. The discussion took place in committee and was for the most part based upon an amendment moved by Hume Cronyn, which would have permitted the manufacture in Ontario of beer of a greater alcoholic content than two and a half per cent. for export to other provinces where its sale is permitted.

Frank criticism of bone-dry prohibition came from Dr. Blake, member for North Winnipeg, who asserted that there has been too much control of the action of the people and that "prohibition was the straw which had broken the camel's back, and precipitated unrest in the country."

At the evening sitting, Hon. N. W. Rowell spoke at some length in support of the bill, declaring that no one piece of legislation had been received with so many expressions of approval.

He asked the committee to consider what the situation in Winnipeg would be today were the bars open. Dealing with the matter of permanency, Mr. Rowell said that the government was redeeming its pledge to the people by enacting the legislation for another year. During the next year some of the provinces would express their opinions with regard to prohibition, and this would have a bearing upon the situation.

After some further discussion, Mr. Cronyn's amendment was declared lost, and the bill was reported from committee. It stands for third reading.

Prince of Wales Coming to Canada

Will Open the New Parliament Buildings at Ottawa

Ottawa.—The Prince of Wales will visit Canada in August of this year, and will open the new parliament buildings at Ottawa. Sir Thomas White stated in the house that he had received a message from His Majesty the King, through the Governor-General, as follows:

"I am very glad to tell you that, with my entire approval, the Prince of Wales will visit Canada this year in August. He will open the new parliament buildings in Ottawa."

It is understood that the Prince of Wales will also open the Canadian National Exhibition at Toronto the same month.

British Aviator Undaunted

Raynham Still Intends to Attempt a Non-Stop Atlantic Flight

St. John's, Nfld.—Frederick Raynham, the British aviator whose intention to attempt the ocean flight with Harry Hawker, believed to have been lost at sea, came to grief when his Martinsyde plane was wrecked while running to the "take off," announced that he was in the race again for the first non-stop ocean air cruise. Recovered sufficiently from injuries suffered when his plane collapsed, able to leave his bed, Raynham said that the machine could be rebuilt with spare parts at hand here, provided the motor was in working condition.

While the Handley-Page and Vimy mechanics are assembling their huge machines for the Atlantic "hop," the little Martinsyde will be removed to town for repairs.

Captain C. W. F. Morgan, Raynham's navigator, will not be his partner in the new trans-Atlantic flight he is planning. Morgan's physicians told him his flying days were over, and it might take him two or three months to recover from the injuries he suffered in the wreck of the Martinsyde. Raynham has not named a substitute for him.

Wireless enquiry in all parts of the north Atlantic has brought no news of Hawker. His plane has been neither seen nor heard from since it was seen by the signal hill lookout at the harbor mouth, disappearing over the ice strewn Arctic current to the east.

Salzburg Defies German-Austria

Vienna.—The German-Austrian government is being defied by an autonomous government which has been established in the province of Salzburg, western Austria. The members of the new government issued a decree forbidding residents of Vienna from residing in Salzburg and announcing their opposition to the system of exchanging food from foreign countries received in Vienna for the agricultural products of the province. The Salzburg government also is refusing to hand over to the central government in Vienna the proceeds of the income tax.

Polish Armistice Fails

Paris.—The commission appointed by the supreme council to arrange an armistice between Poland and Ukraine has been dissolved, and the next development in the situation appears to depend on what action the Poles may take.

Canadians Did Not Fight In Siberia

Vladivostok "Dirtiest Place in Creation" and "Pigs More Common Than Dogs"

Winnipeg, Man. — Speaking of the work done by the Canadians at Vladivostok, Capt. F. King, of Toronto, in charge of 250 of the Siberian forces, said there was practically nothing in the way of actual fighting so far as the Canadian force was concerned. There was trouble now and again in the interior, chiefly because of the activities of the Bolsheviki, and Canadian detachments would be sent along with British, Japanese and other allied forces to restore order. This generally would be speedily done.

Of Vladivostok, the men had little to say of a favorable nature.

"The dirtiest place in creation," was how one man described the city.

"Pigs were more common than dogs on the main streets," declared another.

Chinese Students Protest

Tokio.—A number of the leaders of the Chinese students in Tokio, writing their names with their own blood, have signed a resolution calling upon four thousand of the students in Tokio to return to China to protest against the Peace Conference decision in regard to Shantung and against the alleged ambitions of Japan in China.

Polish Women Fight the Ukranians

Paris.—The advance of the Poles against the Ukranians in the region of Kulikoff, north of Lemberg, according to the Polish national committee here, was carried out by Polish women battalions and troops from the garrison at Lemberg.

Germans Are Given A Time Extension

New York.—The Associated Press issues the following:

"A period of seven days of grace has been extended to Germany by the representatives of the entente and associated governments, in which the German peace plenipotentiaries may conclude their study of the peace treaty and formulate such replies to the various clauses as they desire.

The extension of time, which originally was to have expired at noon, Thursday, was granted at the request of the Germans, who advanced the plea that more time was required in order that they might formulate arguments of such importance and length that, were the original date adhered to, it would be impossible to complete them; thus the time has been set forward to Thursday, May 29.

Efforts made in Germany to ascertain even the gist of the contents of the proposed reply of Germany have been without reward. A report has it, however, that lengthy notes dealing with Alsace-Lorraine, the east German frontier, the territory occupied by the allied forces and the amount of the indemnity and the method of its payment are to be dealt with.

Almost simultaneously with the request by the peace plenipotentiaries for more time comes from Berlin a statement of the German cabinet that Germany is unwilling to sign the peace treaty. The document is a reiteration, although in stronger words of the views of the foremost statesmen in Germany, that the signing of the compact would spell the ruin of the former empire.

The old ground that signing the document as it stands would involve the economic destruction, "political dishonor and moral degradation of the country is adhered to.

President Wilson's fourteen points for peace are demanded by the statesmen as the basis of the peace desired, it being asserted that Germany accepted the terms and laid down her arms, believing that they would be carried out.

Turkey Presents Complications

Paris.—The Turkish problem has become most acute in the peace conference. Various delegations are striving to find some solution for the dismemberment of the empire which will not provoke a religious war.

The United States is being looked to by the other powers as the only nation which can become mandatory for Constantinople without the danger of precipitating another European war, but the United States delegates to the peace conference express doubt of the willingness of the United States to accept the mandate, especially under the conditions which the powers have outlined.

With the Sultan expelled from Constantinople, the United States delegates expressed the belief that it might be possible for the United States public to become reconciled to the mandate. However, the Indian delegation, which has appeared before the Council of Four to plead for special consideration for the feelings of the Mohammedan world, as well as other Mohammedans who have made statements, assert that the sultan must not be forced out of Constantinople, declaring that such action would greatly affect his standing in the church.

Consequently Great Britain is seeking to have the sultan remain in Constantinople, as head of the Moslem faith, but with purely spiritual powers.

It is now suggested that instead of transferring the sultan to a strip of territory southwhere in Asia Minor, that he remain in Constantinople, but be allowed to exercise a degree of temporal power over some territory in Asia Minor, to be selected, thus preserving the form of the Ottoman empire.

Record Price for Creamery Butter

A record price for Saskatchewan creamery butter in carload lots was offered on the Regina market a few days ago, when sixty-three cents a pound was bid. The significance of market conditions is realized when it is stated that the local wholesale price in small quantities is about the same as the above, with the cost of wrapping and cartons at two cents a pound.

SAT UP IN BED TO GET HER BREATH

Palpitation of the heart, shortness of breath, inability to lie on the left side, feelings as if smothering, oppressed feeling in the chest, dizzy and faint spells, tired, weak, worn out feeling, involuntary twitching of the muscles, sleeplessness, restless, etc., all point to the fact that either the heart or nerves, or both, are not what they should be. Any of these conditions should be remedied immediately so as to avoid a complete breakdown of the whole system.

Milburn's Heart and Nerve Pills will bring energy to the weakened constitution, strengthen and regulate the heart, and tone up the tired, overstrained nerves.

Mrs. William Steeves, Chemical Road, N.B., writes:—"I have been a great sufferer from nerve troubles and palpitation of the heart, which was so bad I had to sit straight up in bed to get my breath. I could not lie on my left side at all. I tried doctor after doctor, also several different remedies, but got no help from them. My mother insisted on me trying Milburn's Heart and Nerve Pills. By the time I had used one box, I was feeling very much better. I took in all three boxes, and now I am in perfect health and can enjoy a good sound sleep, and can lie on my left side without any trouble."

Milburn's Heart and Nerve Pills are 50c a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Clocks Call the Time

Clocks without hands or faces are now common in Switzerland. The timepiece stands in the hall, and, when a button is pressed by means of phonographic arrangements, it calls out "Half-past five" or "Five minutes to nine," as the case may be.

It's a pity a man can't dispose of his experience at cost.

Beer Drinking

Beer Drinkers Appear to Succumb Very Readily to Disease

There seems to be a large number who do not know that the beer drinker seldom lives to be much over 60 years of age.

Beer drinkers drop off with what should have been mild and easily curable diseases. Even moderate beer-drinkers have a poorer chance of recovery, especially from blood poisoning and pneumonia, than the total abstainer. The first organs to be attacked are the kidneys, and then comes Bright's disease and dropsy, certain to be fatal.

Over thirty years ago a number of medical men began advising their patients that they had better leave beer alone and drink whiskey instead, and there are few reputable physicians who would not give the same advice today.

A few years ago Mr. J. H. Adams, on behalf of the Baltimore Sun, investigated the working of prohibition in some of the Southern States, and he concluded that whiskey produces more violence than beer, but that beer decreases, much more than whiskey, the aggregate prosperity, happiness and efficiency of the community. He said "the beer trade, ten times more than the whiskey trade, produces the evils belonging to the sale of liquor as an institution."

The brewers are going to make a desperate effort to compel us to return to the old drunkard-making bar room. The friends of temperance must see that their names are on the voters' list and vote "no" to every one of the questions. Don't miss one or it will spoil your ballot.

Possibilities in Bee-Keeping

Excellent Opportunity for the Industry in Western Canada

Bee-keeping is one of the farm industries in which there are great possibilities in Western Canada.

"We have," says a writer in the North-West Farmer, "everything needed except the bees and the bee-keepers—a climate that is well adapted to the industry, plenty of honey-bearing plants and the best market in America for the product. But we are paying forty cents a pound for honey shipped in from Ontario and Dakota, and are letting our own raw material go to waste. Honey these days is about the most expensive luxury that goes to the consumer's table, but he buys the imported product, nevertheless, and pays freight, customs duty and substantial profits to several handlers. Only a very small percentage of the honey used in these provinces is produced at home. Bee-keeping is an industry we could very well develop."

"Certainly there will always be an unequalled market in these provinces for all the honey that can be produced. There is no question about that. To give some idea of the returns from bee-keeping it may be stated that in 1918 in Manitoba 14,236 colonies of bees produced 944,000 pounds of honey, an average of 64 pounds per colony. Demand for bees from beginners is larger than usual this spring. Swarms are selling at about $15 each."

The Town That Was Born Lucky

Western Canada Irrigation Convention to Be Held at Medicine Hat

It was Rudyard Kipling who described Medicine Hat, Alberta, as "the town that was born lucky." And possessing as it does within its limits inexhaustible supplies of natural gas, available for heating and power, its inhabitants have a great advantage over people in most other cities. Medicine Hat is already the home of some of the largest industries in Western Canada, including flour mills, iron foundries, clay products plant, rolling mills and several other manufactories. But in addition to this it is one of the most beautiful cities in Western Canada.

The Western Canada Irrigation Association has chosen Medicine Hat for its convention this year, to be held during the first three days of the week beginning August 4th. It may at first seem strange that a city primarily associated with manufacturing should be selected as a convention point by an organization whose work is so closely related to agriculture. Medicine Hat is greatly interested in irrigation and agriculture, however, being one of the triangle of cities in or bordering on the irrigated area of Southern Alberta.

The man who lives for himself alone has not much to live for.

A diplomat is a man who can successfully make a business engagement that takes him out of town for house-cleaning week, and at the same time keeps on speaking terms with his wife.

Turks Fight Greeks

Constantinople.—In the fighting which took place after the landing of Greek troops at Smyrna, 300 Turks and 100 Greeks were killed.

The fighting took place for the most part in the Turkish quarter of the town, where the Greeks were met by heavy rifle fire.

Paris.—A political crisis has arisen in Constantinople since the debarkation of Greek and allied forces at Smyrna, the Journal says. The Turkish Grand Vizier or prime minister is said to have resigned.

By Keeping the Liver Right

The Health of the Vital Organs Is Maintained and Serious Disease Is Avoided

Brandon, Man. — The secret of health in the home is found in keeping the liver, kidneys and bowels in healthful working order. The liver is usually first to get out of order, and then come headache, indigestion, dizzy spells and biliousness to make life miserable.

Mrs. Cook tells how they have learned to avoid such derangements by the timely use of Dr. Chase's Kidney-Liver Pills. As she says in her letter, they could scarcely keep house without them.

Mrs. G. L. Cook, 248 10th street, Brandon, Man., writes: "I have been using Dr. Chase's Kidney-Liver Pills for the last four years for liver trouble, and can say I have had great satisfaction and help from using them. I find I don't need any doctor if I use them. I just think they are the thing for me, and my husband uses them for his kidneys and thinks them a great help. He also uses Dr. Chase's Ointment and finds no equal to it for piles. I just sent last week and got four boxes of Pills and one box of Ointment. My daughter in Winnipeg has used the Pills and found they helped her a great deal. We say we can't keep house without them and that I have cheated the doctors here out of a good many visits they had here before I began using your Pills, and I can truthfully say I think Dr. Chase's Medicines are just the thing."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

To protect you against imitations, see signature of A. W. Chase, M.D., on the box you buy. This is your protection against imitations.

Rantzau is Cheerful

Returned to Versailles With Financial Experts

New York.—The Associated Press issues the following:

Not alone has Count Brockdorff-Rantzau, the chief German peace plenipotentiary, returned to Versailles from Spa, where he went for a conference, but he brought back with him Herr Landsberg and Herr Giesberts, two of the main members of the German delegation who had been in Berlin going over the situation with the authorities, and also a large retinue of naval, military and financial experts.

Thus, the indications are that the Germans intend to continue their efforts to come into agreement with the allied and associated representatives on peace terms, that will be satisfactory to the German government and people.

It is a wise contrivance of nature that prevents a man's slumbers from being disturbed by his own snores.

Bank Clearings Increasing

Indicate Healthy Business Conditions In Prairie Provinces

In the bank clearing returns for April of Western Canada cities are signs of greater business activity, which will no doubt be more accentuated during the next few months. Compared with April last year, the increase at Calgary was over half a million dollars—$6,594,744, as against $6,081,990 a year ago.

At Edmonton, Alberta, there was a jump from $14,761,201 to $16,826,237, a gain of more than two million dollars. Such increases are typical of the returns at the other cities throughout the three provinces, and not being confined to one or two places, are indicative of the healthy business conditions generally prevailing.

It is a wise man that does not repeat his own wisdom.

If a man is right he doesn't have to get mad about it.

No Case is Too Old, None Too Severe

Mrs. Riches Proves Once Again That Dodd's Kidney Pills Cure

She Suffered for Seventeen Years from Kidney Trouble and Now a Well Woman Says, "Dodd's Kidney Pills Cured Me."

St. Denis, Riviere, Richelieu, Quebec, May 26th.—(Special.)—One of the most remarkable cures in the long record made by Dodd's Kidney Pills is that of Mde. Alf. Riches, well known and highly respected here. For seventeen years Mrs. Riches was a sufferer from kidney disease in its worst forms. Today she is a well woman. And she says with an earnestness born of conviction, "Dodd's Kidney Pills cured me."

"I suffered, for seventeen long years," Mrs. Riches goes on to say. "From backache, headache and sleeplessness my troubles grew to rheumatism and diabetes. I tried the doctor and other medicines, but I got no lasting good till I tried Dodd's Kidney Pills. I took 12 boxes of them in all. They cured me."

Dodd's Kidney Pills are purely and simply a kidney remedy. But no case of kidney trouble is too severe or of too long standing to resist them. If you haven't used Dodd's Kidney Pills, ask your neighbors about them.

Every bank teller in Canada will give you W.S.S. for your Victory Bond interest coupons. Re-invest them.

Recognized as the leading specific for the destruction of worms, Mother Graves' Worm Exterminator has proved a boon to suffering children everywhere. It seldom fails.

Reason for His Courtesy

"Hey, there," said a motorist blocked by a load of hay, "I say there, pull up and let me by. You seemed in a hurry to let that other fellow's carriage get past."

"That's 'cos his horse was eatin' my hay," returned the farmer. "There ain't no danger of yew eatin' it, I reckon."—Judge.

Had ship's anchor fall on my knee and leg, and knee swelled up and for six days I could not move it or get help. I then started to use MINARD'S LINIMENT and two bottles cured me.

PROSPER FERGUSON.

Italian Dispute Still Unsettled

Paris.—Conferences during the past two days on the Italian issue have not succeeded in reaching an accord, as was expected. The Italians made a number of concessions, including recognition of Fiume as a free city, and the giving up of considerable portions of Istria, including the important quicksilver district.

The Italians, however, are unwilling to yield Zara, or Semenico, on the Dalmation coast. The Jugo-Slavs are not disposed to accept the Italian concessions as sufficient, and there are prospects of a further extended period of negotiations.

CHILDREN NEED HELP

Spanking doesn't cure bed-wetting—the trouble is due to weakness of the internal organs. My successful home treatment will be found helpful. Send no money, but write me today. My treatment is equally successful for adults, troubled with urinary difficulties.

MRS. M. SUMMERS, Box 42 Windsor, Ont.

Terms Not Harsh

London, England.—On his arrival in London from America, Earl Reading stated, in the course of an interview, that he did not consider the peace terms unnecessarily harsh. Regarding the German contention that the treaty went beyond the 14 points of President Wilson, Earl Reading said: "President Wilson's acceptance of the treaty provided the best answer, for, being the author of them, he was the best interpreter."

WOULD NOT BE WITHOUT BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she would not be without them. The Tablets are a perfect home remedy. They regulate the bowels and stomach; drive out constipation and indigestion; break up colds and simple fever and make baby healthy and happy. Concerning them, Mrs. Noble A. Pye, Ecum Secum, N.S., writes:—"I have found Baby's Own Tablets of great benefit for my children, and I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Taking a walk on an empty stomach is said to cure indigestion — but you should be careful whose stomach you walk on.

Asthma Can Be Cured.—Its suffering is as needless as it is terrible to endure. After its many years of relief of the most stubborn cases no sufferer can doubt the perfect effectiveness of Dr. J. D. Kellogg's Asthma Remedy. Comfort of body and peace of mind return with its use and nights of sound sleep come back for good. Ask your druggist; he can supply you.

Boy Breeders of Baby Beef

Young Farmers Greatly Encouraged By Prices Received

Encouragement in a tangible form to the young raisers of baby beef in Manitoba was given at Brandon recently, when about 60 calves which had been cared for by boys of the province were sold in record time at prices ranging from twenty to forty-one cents a pound. Buyers from the leading packing houses are said to have smothered the auction ring with bids. The prices the boys received are a great encouragement to this rising generation of farmers, though many found it hard to part with their pets. But their work will have an important bearing on the livestock industry of the future, and their reward should encourage them to come back stronger every year.

Too Deep for Him

An Irish sailor, after pulling in fifty fathoms of line, muttered to himself: "Sure, it's as long as today and tomorrow! It's a good week's work for five men. More of it yit? The say's mighty deep, to be sure." Then he suddenly stopped short; and, looking up to the officer on watch, he exclaimed: "Bad luck to me, sorr if I don't belave somebody's cut off the other end of this line!"

Only the uninformed endure the agony of corns. The knowing ones apply Holloway's Corn Cure and get relief.

Big Enterprise To be Launched

For Further Development of British Columbia Lumber Industry

What is undoubtedly one of the most gigantic lumber enterprises ever conceived, and a scheme which is fraught with tremendous possibilities in the development of the British Columbia lumber industry is about to be launched by a strong syndicate, says a dispatch from Victoria. This syndicate is said to be headed by a well-known New York financier, and its operations will be conducted on a colossal and world-wide scale.

The dispatch goes on to say that the syndicate by British interests to deliver 30,000,000 feet of lumber, which, in the event of a satisfactory agreement being reached on purchase price with the saw mills and lumber manufacturers, will be supplied by British Columbia mills; and in addition to this huge contract, further contracts are pending from European interests for an unlimited quantity of lumber that will run into billions of feet and will keep the mills on the province operating day and night at full capacity.

Minard's Liniment used by Physicians

Set a Record

Two friends met in the Strand the morning after an airplane raid.

"Any damage done your way?" the first asked.

"Damage? Rather!" answered the other. "Father and mother were blown clean out of the window. The neighbors say it's the first time they've been seen to leave the house together in seventeen years."

New Taxes in Jamaica

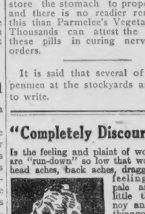
Kingston, Jamaica.—To meet a deficit of $700,000, the legislative council has imposed a tax of 25 cents on each parcel unloaded here from steamers. Commercial travellers will also be subject to a tax.

Pills for Nervous Troubles. — The stomach is the centre of the nervous system, and when the digestion suspends healthy action the result is manifest in disturbances of the nerves. If allowed to persist, nervous debility, a dangerous ailment, may ensue. The first consideration is to restore the stomach to proper action, and there is no readier remedy for this than Parmelee's Vegetable Pills. Thousands can attest the virtue of these pills in curing nervous disorders.

It is said that several of the best penmen at the stockyards are unable to write.

"Completely Discouraged"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale and weak, little things annoy and "every-thing goes wrong."



Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years.

What it has done for others it can do for you.

A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablets. Tablet form, 50 cents, at all drug stores.

It is a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial and bracing nervine; purely vegetable, non-alcoholic, and perfectly harmless.

You can procure a trial pkg. by sending 10c. to Dr. Pierce, Buffalo, N. Y.

TILLSONBURG, ONT.—"A few years ago I had a severe nervous break-down. I would have pains in my head and would suffer with backache. I was ailing for about two years. Had doctored but did not seem to get cured of the ailment. At last I took Dr. Pierce's Favorite Prescription and it did me more good than any medicine I ever took. It built me up and I felt better in every way than I had for two years previously."—MRS. L. HEATH.

Now is the time to buy, when land is cheap and prices of grain high. One crop will pay for a good farm.

See my list before you buy.

What about that loan?

The companies that I represent still have money to loan on improved farms.

A few houses in town. Easy terms.

Have you all your buildings and contents fully insured?

Chas. H. Longeuay,

Life, Fire and Hail Insurance. Real Estate Money to loan.

Agent for Grain Growers Securities Land Co.

OYEN BASEBALL CLUB WINS AGAINST CHINOOK

Local Boys Give Fine Exhibition of Ball

One of the largest crowds seen in Oyen for some time turned out to see the first baseball of the season played on the Oyen diamond on Thursday night last week. Although Oyen team met their defeat at Youngstown the previous Monday, they were determined to make a better showing last Thursday and show the baseball fans that they could play ball, and good as their word beat the visitors to the tune of a 9 to one score. The exhibition put on by our local boys was fine, and, being the first game of the season has created a keen interest in this great outdoor sport.

From the time Charlie Dalton, pitching for the home team, faced the first Chinook batter, there was not a time that was not filled with the keenest interest by the spectators.

The first two innings looked as though the game was going to be a pitcher's battle, but in the third the Oyen boys went up with their batting eyes open and were successful in crossing the pan five times.

In the fourth and fifth innings the boys retired in order, but in the sixth they hit again four more tallies.

The Chinook boys worked hard to get in but were retired in order for four innings. In the fifth Vanhook arrived at the first station, and went to second on that double that Rosy and Stanley were going to pull, but it did not come off, then Vanhook scored on Pollock's hit.

Chinook boys were retired in order until the last innings, when they got two on with one down, and it was beginning to look good for the visitors, but the old soup bone loosened up and the last two fanned in six pitched balls.

The following is the score:

Chinook—	AB	R	H	PO	A	E
L. Foster, 3b	3	0	0	2	2	2
G. Foster, lf	3	0	1	1	0	0
Thompson, cf	3	0	1	0	0	0
Trogen, ss	3	0	0	0	3	2
Vanhook, 2b	3	1	1	0	0	0
Kitchner, p	3	0	1	0	3	0
Pollock, c	3	0	1	9	1	0
Hinds, rf	3	0	0	0	0	0
McLeod, 1b	2	0	1	8	1	1
Hart	1	0	0	0	0	0
	27	1	6	21	10	5

Oyen—	AB	R	H	PO	A	E
